WELCOME TO ITALY!

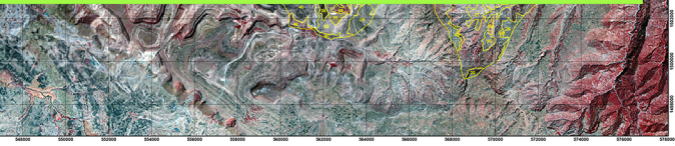

IAO and the University of Florence are proud to announce the first edition of the **MSc in Natural Resources Management for Tropical Rural Development**.

A cutting-edge, 2-year graduate program, the MSc is fully taught in English, and it offers two academic streams: Land and Water and Agricultural Production. The first edition is scheduled in Florence from **September 2014 to September 2016**.

Funding made available by the Italian Cooperation will support **16 participants** in the **Land and Water** stream, to be selected among applicants from the following countries: **Ethiopia, Mozambique, Kenya, Somalia, Burkina Faso, Niger, Senegal**.

Applicants must hold a 3-year **BSc degree** in Agriculture, Forest Sciences, Geology, Environmental Science/Engineering, Natural Sciences and related disciplines.

Good knowledge of **English** is essential. **Women** are strongly encouraged to apply, as well as employees of public authorities, academic institutions and NGOs.

Full details and the **application form**: WWW.IAO.FLORENCE.IT/TRAINING/LAND&WATER

Deadline for submitting applications to the local Italian Embassy: **Friday, 25 July 2014**
